RE: Angel List Data Scientist

Dear Hiring Manager,

Throughout my career, I have contributed to impacting business outcomes through effective organization, prioritization, and execution of key projects. My skills and qualifications are an ideal match to the Data Scientist requirements and will bring immediate value to Social Explorer goals.

Previously, in my Data Scientist role, I exercised a calculated and methodical approach to problem solving. I am independently motivated, yet I appreciate team efforts and collaborate productively within groups. Additionally, I am knowledgeable in data analysis and programming languages proficiency with proficiency in data cleaning and munging.

Because my professional goals align with Social Explorer's mission and values, this opportunity is especially exciting. I believe my collaboration, critical thinking and motivation abilities will support and drive your continued organizational success. My previous experience working with RETL Services as a Data Scientist, gave me experience using data to analyze and make decisions with real estate data.

To demonstrate the scope of my career history and professional competencies, please take a moment to review my attached resume. I appreciate your evaluation of my credentials and subsequent response.

Sincerely,  
Ari Schaffel
